

COVID-19 ISOLATION

Who does this apply to?

Any person who resides in Westchester County, who has tested positive for COVID-19

Am I under isolation?

Any resident of Westchester County who has tested positive for COVID-19 is subject to isolation in accordance with the Standing Commissioner's Order.

What if I ignore the isolation order?

Ignoring the isolation order is a crime punishable under Section 12-b of the Public Health Law. Additionally, the Department of Health can seek to confine you a medical facility for failing to comply.

Okay, so how can I get out of isolation?

You must remain in isolation until you meet the Clearance Criteria set by the New York State Department of Health. Once you meet the Clearance Criteria, you can end your isolation.

What are the Clearance Criteria?

Here are the Criteria:

If you've experienced any of the following symptoms: Fever, Cough, Shortness of Breath/Difficulty Breathing, the Clearance Criteria are:

- It's been at least 7 days since you first started experiencing symptoms; AND
- You haven't had a fever in at least 3 days, without taking fever-reducing medication (such as Tylenol); AND
- Any shortness of breath/coughing/difficulty breathing has improved.

If you meet ALL THREE criteria, you can end your isolation.

If you haven't experienced any of those symptoms, the Clearance Criteria are:

- It's been at least 7 days since you had your first positive COVID-19 test; AND
- You haven't had any subsequent illness

If you meet BOTH of these criteria, you can end your isolation

So if I meet the Clearance Criteria I'm totally free?

NO! Meeting the Clearance Criteria only frees you from medical isolation. You're still subject to all other applicable State and Local laws and Executive Orders. So for example:
